

# PGIT Academy Online Learning Center

(Welcome Letter & Course List below)

We are excited to announce the launch of PGIT Academy's new On-Line Learning Center powered by Syntrio on-line learning system technology.

PGIT Academy's On-Line Learning Center is a members-only platform that provides access to over 100 safety, human resource, and business skills courses that are available 24/7. The center also hosts a learning management system to help members manage their on-line training course assignments and records.

To get things started, PGIT will be providing each of its members with the following upon activation of new account:

- Assist in setting up an assigned On-line Training Center Administrator
- Assistance in inputting of other key user information, such as managers and main users into the on-line training system
- General first time log-in and utilization assistance to Administrators
- First 5 course launches for FREE...additional launches may be purchased at 50% to 80% off retail upon depletion of 5 free introductory course launches.

Please see the attached list of courses that are being made available...

To find out more on this exciting new educational member tool, or to activate a new On-line Learning Center account, please contact us via email at [Onlinelearning@pgit.org](mailto:Onlinelearning@pgit.org), or call (321) 832-1658.
